## PSiFA Reunion

On the last Saturday before the Easter Break, PSiFA held a reunion for past and present members in the Ele House. We had members coming back from when PSiFA first started back in 1978, all the way to recent (i.e. 2009) graduates. As people turned up over

time, we gradually took over a larger corner of the Ele House until we had incorporated two tables and many chairs.

Throughout the day, past members reunited with old friends, and met new members (both current PSiFA members and other graduates), and in the mid afternoon there was a tour of the University ground, highlights of which included wanderings through a mini-wood on campus, looking around the LRC en-mass and a look at the newly opened Forum building.
